

Dear Valued Clients,

The DIA has issued the attached Administrative Bulletin which makes telehealth services reimbursable under Sections 13 and 30 of the Workers' Compensation Act. The telehealth service of course must be reasonable, necessary, and causally related to the employee's work injury.

The inclusion of telehealth services is a reasonable approach in these times of Covid-19. However, treatment requests must comply with Sections 13 and 30 and remain subject to Utilization Review certification and payment by the insurer at DIA Board rates.

Moriarty & Associates remains available to assist insurer's in their continued defense of workers' compensation cases. We hope that you are remaining safe and healthy during this crisis and are available at any time to answer your questions.

Very truly yours,

Edward M. Moriarty, Jr., Esquire
